

A New Treatment for Hip Osteoarthritis

Volunteers are needed for a trial to investigate a chiropractic management for osteoarthritis of the hip.

It is being conducted by the Department of Health & Chiropractic, Macquarie University. Assoc. Prof. Henry Pollard will research the effectiveness of a multi-modal treatment protocol.

You can be accepted into the trial if:

1. **Have daily hip pain or stiffness for longer than 60 minutes,**
2. You can attend a physical assessment in Eastwood, Macquarie Park or Summer Hill and an independent radiographic diagnostic session.

Volunteers will be given FREE standard chiropractic treatment.

If you have HIP PAIN

AND you want chiropractic FOR FREE...

WE NEED YOU!!!

- If you would like to be involved please call Katie on: **0450 263 876**
- Leave your name and contact details and we will arrange an interview.

We look forward to having you involved in this trial!
