

# Have you heard of MyMedicare?

WE WOULD LIKE TO KNOW YOUR VIEWS ABOUT REGISTERING WITH YOUR GP

Macquarie University have been awarded funding from the Medical Research Future Fund to evaluate if and how patients and healthcare providers are using MyMedicare.

From 1st October 2023, all patients in Australia have been able to register with a preferred general practitioner (GP) or primary care practice in a scheme called MyMedicare if they wish to. You can find out more about MyMedicare here:

<https://www.health.gov.au/our-work/mymedicare>

We are interested in understanding whether you have heard about MyMedicare and what it means for you as a patient. Even if you have not heard of MyMedicare, we would still like to hear about what you think of the scheme and how it might work for you.

To understand your views and experiences, we invite you to take part in a 30–45-minute interview either online, over the phone or in person based on your preference.

Please complete this [form](#) to express your interest.
